RAISING FUNDS FOR THE NEXT GENERATION OF CRICKETERS...

As we have raised £500,000 for a wide range of charities all over the world over the last 25 years our official partner, Chance to Shine, will be present at the event as we aim to raise funds for the next generation of cricketers.

Chance to Shine is an independent children's charity on a mission to inspire young people through cricket in schools and communities. The charity wants children to develop a love for the game and find a sense of belonging through the sport; developing their wider wellbeing and life skills to help fulfil their potential.

FOUNDERS Q&A

HEAR FROM THE PIONEERS...

Who initiated everything 30 years ago and learn about the brand's evolution.

The Barmy Army was founded by David Peacock, Paul Burnham and Gareth Evans during England's 1994/95 Ashes tour of Australia. What started as a small group of 30 backpackers staying in hostels living their dream by watching the Ashes Down Under has now evolved into the world-famous supporters' club it is today. We are incredibly proud of the culture we have created and the reception we receive on every tour, where we are welcomed with open arms. We are privileged to go to some of the greatest countries in the world and enjoy their exceptional hospitality.
